Since 2007 we host people undergoing medical treatment against cancer and their relatives who aim to stay close their beloved during the treatment. We can't leave them alone.

To grow and keep helping many people asking for support and not being in a position to pay for an hotel accomodation, we need you. With your help we can give a home to hope. You

supported building this island of hope, help us to manage it.

**THANKS!**

As of November 2024 we still have liabilities against suppliers of approximately 300.000,00 Euro. On top of that, we have to fund the project and commissioning of a Lift that is aimed that allows people on stretchers from the first and second floor to reach the ambulance in the yard.
